

25th January 2021

Dear Parent/Carer

To further supplement your child's learning, staff will be offering live masterclasses during week commencing 1st February. To attend these events scholars will simply need to click links that will be available on the school's website, their Microsoft Teams login information and a pen and paper to make notes. A full timetable of live events will be published later this week.

Masterclasses will be provided for students in all year groups but for years 10 and 11 they will focus on key content as well exam skills and techniques. Despite the announcement that the examinations will no longer happen as normal this year it is likely that students will still take some form of assessment. We therefore feel it necessary to continue to prepare for them exam style questions. It is also important that they continue with their remote learning work on Microsoft Teams.

There had been mock exams scheduled for this half term with more after the half term break. Once we have more details about how grades will be awarded and when school are going to reopen, we will be able to advise of how and when these mock examinations will take place.

I'd like to thank you for your support so far in this very challenging term.

Yours sincerely

Mr T. Pearce
Deputy Headteacher
