

**KIRK HALLAM**  
COMMUNITY ACADEMY

Dear parent

Based on a recent survey of Science topics that students felt they needed more help with, we are happy to offer the following sessions during the Easter holiday:

**Biology:**

- Bioenergetics - Thursday 18th April 10-12 in D55
- Homeostasis - Thursday 18th April 1-3 in D55
- Ecology - Tuesday 16th April 10-12 in D58
- Inheritance - Tuesday 16th April 1-3 in D58

**Chemistry:**

- Quantitative Chemistry - Monday 15th April 10-12 and 1-3 in D53

**Physics:**

- Waves - Wednesday 17th April 10-12 in D29
- Magnetism and electromagnetism - Wednesday 17th April 1-3 in D29

Please be advised that by now, students should be revising and here is a reminder of additional support that the Science faculty recommends:

- Core knowledge questions (links on Kirk Hallam website)
- Homeworks and mock exams with mark schemes (links on Kirk Hallam website)
- Revision guides - if your child does not have their own version for use at home, please ask them to speak to one of their Science teachers asap.
- Seneca learning at [www.senecalearning.com](http://www.senecalearning.com) (link on Kirk Hallam website)
- BBC bitesize at [www.bbc.com/bitesize](http://www.bbc.com/bitesize)
- Free science lessons (link on Kirk Hallam website)

Please contact Mrs Hadley if you require further information:
