

Information on local 6th forms, colleges, apprenticeship opportunities and training providers

Not sure where to start

looking at post 16 options? This website is a great place to begin. <http://www.careerpilot.org.uk/information/your-choices-at-16>

Looking at which 6th Form to study at?

There are many Sixth Forms locally that you can consider, remember you are the customer so make sure you investigate very carefully to find the one that best suits your needs and that you will feel comfortable attending.

You will need to think about:

- The courses they offer
- The methods of assessment- coursework/exam etc
- The facilities they have to offer
- The size of the place
- How you are going to get there

If you want information on individual Sixth Forms and the courses they offer see links below.

Kirk Hallam College: [Home | Kirk Hallam Sixth Form College \(kirkhallamcollege.co.uk\)](#)

Bilborough College: [Home - Bilborough College](#)

Derby College: [Welcome - DCG : DCG \(derby-college.ac.uk\)](#)

Which subjects should you choose at A level?

Choosing which subjects to study can be quite daunting so make sure you do your research and find out as much information as you can. If you are thinking about going on to higher education (i.e. university), **you need to make sure that choices that you are making now will enable you to study your chosen course at university.** Talk to teachers, parents and friends – be prepared to listen to their advice. **When you apply to Kirk Hallam College you will have an individual meeting with a senior member of the college to discuss your course choices and how these link to future pathways.** This will help to ensure that you make choices which will keep the maximum number of options open to you in the future.

Check the UCAS website <https://www.ucas.com/> for University entry requirements.
